

Going on to Maturity 7

A study about Christian maturity and what it looks like.

Having laid some of the founding principles of Christian Maturity that define us as God's people, it is time to explore how this will be revealed in some of the specific issues of our lives.

The previous studies included among other things; maturity as Gods call to us, turning away from sin, thinking different about things, realizing our lives belong not to ourselves but to God and that maturity is worked out not in isolation but within the body of Christ, that is the Church Community.

The following studies will be characterized by a similar approach to a particular issue including a discussion about the way the world seems to approach this issue; a look into some scriptures and then reviewing it in the light of the principles we have already established.

MONEY

We might as well start off with one of the easiest topics!!?

The world's perspective.

1. Discuss what you see as the world's view of money.
2. What evidence do you see or hear that confirms this viewpoint.
3. Is there consistency within the "worlds" view or are there a range of opinions?

The Christian Perspective

2. What evidence do you see or hear that confirms this viewpoint.

The Issue of Money

A biblical perspective
