- Our aim is to help give people opportunity to be creative, inventive, artistic, and bold to try out what they think God is asking them to do

Sometimes it'll fly, sometimes not

But we are not called to judge but to encourage and spur each other on.

- Which includes appropriate review and feedback to enable us to do the best we can for Him.

Let your light shine

- And let us Be Bold and Courageous and creative and inventive spurring each other on!
- To discuss ...What is your dream?
